We hope you enjoy our fall issue of Impressions!

Fall 2017 Fashion is Fun!!

Fashion is always fun! This season brings us a playful style like no other. Gone are the standard fall colors, instead we see an influx of lovely, rich and elegant traditional fall hues mixed with some sweet and spicy twists. Blush pink makes an unexpected entrance, a color usually saved for the light and airy color palettes we generally see in spring. Rich opulence and ornate details are all the rage.

Have fun with your style and incorporate bows, pleats, fur collars and exquisite draping. Bell sleeves are hugely popular. Just be sure you select a lightweight fabric that will lie flat instead of adding extra inches at your waist.

Denim continues to be huge. Boots and booties, short to thigh-high, white to floral, as well as pointy heel pumps and casual loafers offer options to fit everyone's style. Hats and headbands are back and lightweight silk scarves continue to add pizzazz to your wardrobe. Need help updating your wardrobe? We can help!

Be effortlessly beautiful every day!
